### Parent Survey

Parents and Guardians,

As you are well aware, Governor Murphy, along with the New Jersey Department of Education, released guidance for school districts in regards to reopening schools in September. The full version of the “**The Road Back-Restart and Recovery Plan for Education**” can be found at this [link](#).

As a district, we have assembled a Reopening of Schools Committee that is challenged with the task of constructing a plan for the reopening of our school district. The committee is asking for your input by completing the brief survey below. The information gained will allow us to appropriately plan for the children’s safe return to school, while attempting to address all of your concerns.

Additionally, in efforts to keep everyone up-to-date with current information and provide progress on the plan, the district is in the process of creating a **Reopening of Schools Information Webpage** that can be accessed from the district website at [www.franklintwpschools.org](http://www.franklintwpschools.org). We are working diligently to have this page up and running as soon as possible and will continue to post additional content during the course of planning for the reopening of the district. Please don’t hesitate to contact us with suggestions for resources or content that may be helpful for everyone.

We cannot thank you enough for your cooperation, support and patience in dealing with this difficult situation. This has been, and continues to be, the most trying times public education has ever experienced. We truly believe by working together we will get through these times and be stronger for it. THANK YOU!
